### How do I door welcome?

1. Arrive early to church at approx 6.15pm and open up the doors.
2. Simply stand at the door and welcome people as they enter.
3. Close the doors at about 6.45pm and go and sit down to join in with the service.
4. If you can't make it for door welcoming try to replace yourself with someone else!!

Pretty simple!!!

### But here are some important things to remember:

- You are potentially the first face that a new person sees when coming to ashgrove, so think about trying to make them feel very welcome.
- You might like to introduce yourself and get their name.
- Or perhaps you might want to get creative – like handing out lollies to new people or stickers or something like that.
- Also on the welcome table you will notice things coming up that new people might be able to get involved with, you could possibly mention it as they enter.

Let's see if we can gain the reputation of being the most welcoming people on the planet!!!
